MR. BURNELL R. FORD
Scientist and Inventor Will Take Pri-
vate Harold Peat's Place on
Chautauqua Program.

Mr. Burnell R. Ford, who will ap-
pear on the program in place of Mr.
Peat is a scientist and inventor. The
nature and properties of electricity
seems to be general and permanent.
In the entire realm of popular educa-
tion no one thing can be of more im-
portance than to educate the people
on what, to them are the mys-
teries of electricity. To do this in a
scientific, yet plain and thoroughly
entertaining way, is no small accom-
plishment. The Colt-Alber Company,
after much search and many discour-
agements has found in the person of
Mr. Ford such a man.

The program Mr. Ford will give
will be of immense instructive value
to the people. In addition he will
mystify and amuse them. His enter-
tainment is replete with vivid sen-
sations, keen humor, marvelous feats
of daring and thoroughly understand-
able explanations of scientific fact.

For a Sunday performance, Mr.
Ford's entertainment is unique. He
draws lessons showing how Divine
Providence furnishes all the mys-
teries connected with electricity.

**AUSTRIAN ROUT MAY
PUT DUAL MONARCHY
OUT OF THE FIGHT**

Italians Take 3,000 Prisoners on
Piave and Mountain Front—Aus-
trian Army as an Offensive
Weapon Is Not to Be Ser-
iously Considered for
Months to Come.

Rome, June 25—Nearly 3,000 pris-
oners were taken by the Italians on
the Piave and mountain front yester-
day, says the official statement.

Washington, June 25—News from
Italy today, while confirming the
great victory won by the Italians in
hurling the Austrian army across
the Piave in disorganized retreat,
threw little additional light upon the
extent of the disaster to the enemy.
Until figures are available showing
more fully the loss of the dual mon-
archy in men and material, officers
here hesitated to form opinions as to
the probable effect the defeat will
have on the whole military situation.

On the face of the latest news from
the Italian front, it appeared to many
observers that the Austrian army as
an offensive weapon, is not to be ser-
iously considered for months to come.
It will take time to repair the damage
to morale and equipment, even if the
internal situation produced by short-
age of food among the civilian popu-
lation does not further cripple Aus-
trian military power. The dual mon-
archy by itself is believed here to be
out of the fighting for the present
summer.

What Germany plans to do or will
be able to do to aid her chief ally is
another matter. As yet there is no
sign of a great movement of German
troops to the Italian front. Unless
such a movement is undertaken im-
mediately, many officers here are con-
vinced that it will mean that Germany
intends to seek to save the situation
by attempting at once to complete her
offensive projects in France.

There are many American officers
who do not believe the internal situ-
ation in Austria as serious as re-
ports from adjacent countries indi-
cate and that Germany is confident its
ally can hold against the Italians long
enough to permit it to concentrate all
its power for a final blow in France.
These officers anticipate the opening
of a great drive on the western front
at any moment. If it does not come,
they will regard it as an admission by
the German high command that the
whole Austrian military and govern-
mental fabric is tottering and must
fall unless German power is rushed
to its support.

In any event keen satisfaction is
taken here in the certainty that the
Germans are facing new and serious
problems as a result of the Italian
triumph on the Piave, while General
Foch is seeing his forces increased
every day as the American troops
pour ashore from their transports.
General Foch's most doubtful hours
have passed, it is believed, although
months of bitter fighting may be just
ahead, while for the Germans a crisis
is at hand.

The Italians at last have cleared
the remaining Austrian rear guards
from the west bank of the Piave river
and now are in possession of the en-
tire river from the Montello plateau
to the sea. At last accounts their
forces crossed the stream in pursuit
of the retreating Austrians were still
harassing them, inflicting heavy cas-
ualties and forcing the enemy to con-
tinue his disorderly retreat.
Faita, however, has turned some-
what its balance in favor of the Aus-
trians, for the Piave river has again
risen and some of the pontoon bridges
the Italians had thrown across the
stream have been carried away, mak-
ing impossible a quick pursuit and
the crushing of the Austrians which
General Diaz had counted upon. The
Austrians are declared to be rushing
up reserves from the east in an en-
deavor to partly relieve the situation.

Camps on Days Between July 22
and 25—Selectives From This
State Will Be Entrained
For Camp Taylor.

Washington, June 25—As a fur-
ther step in carrying out the war de-
partment's plan to have 3,000,000 men
under arms August 1, Provost Mar-
shal General Crowder tonight called
on the governors of all states except
Arizona and Illinois for the mobiliza-
tion between July 22 and 25 of 220,000
white draft registrants qualified for
general military service.

This call is expected virtually to
exhaust the number of men now in
class one, available for active mili-
tary service, and when added to
school requisitions of 23,436 men,
brings the total calls so far an-
nounced for July to 243,436. To com-
plete its program for the remainder
of the present year, the department
will have to depend on the 400,000
class one registrants expected from
June 5th enrollment and the 250,000
or 300,000 to be obtained through the
re-classification now in progress.

In the call announced tonight New
York leads the list with 22,241 men;
Iowa is second with 17,849, and Wis-
consin third with 15,200.

Among the state quotas and camp
assignments appear the following:
Ohio, 7,200, Camp Jackson, S. C.;
5,000 Camp Sherman, Ohio.

Pennsylvania, 11,700, Camp Lee, Va.
Kentucky, 4,100, Camp Taylor.

Maryland.

Virginia, 3,500, Camp Lee, Va.

BOY SCOUTS

To Be Active in War Stamps Campaign—Will Assist Local Committee.

Maysville Boy Scouts, although were not allowed to actively participate in the Third Liberty Loan, until the last few days, made a remarkable record and sold a total of \$16,500.00

seven boys qualifying for medals.

In addition to the many ways the Scouts heretofore have been aiding the Government, they are now called upon for a highly important service, to take, under the slogan, "Every Scout to Explore for War Material," a black walnut census. This census will be taken this week.

The National War Savings Committee, at Washington, says that "On June 28th, every man, woman and child in the United States will be called upon to pledge his or her full quota of War Savings Stamps purchase for 1918." The Maysville Scouts will assist the local committee. If a Scout calls on you, you will be expected to pledge the full amount that you can afford—no more—and surely no less.

You needn't wait until June 28th, to make your declaration of intentions. Meet the Scouts who call upon you with a smile. If you send our Scouts away without giving them your pledge, you will be doing nothing to assist your Government to unmask the "Potsdam Plotters" who said to our Ambassador, "American had better look out." You can not, perhaps get into the thick of battle and meet the "beast" but you can be true to the "American Boy" who does.

If you are now investing in War Savings or Thrift Stamps, double your subscription. If you have never made a pledge do so as a true American.

Stand behind the boy behind the gun.

If it wasn't for the good-natured men which few of us would have any friends.

You!

Will you greet the Fourth of July with a happy consciousness of a good deed well done?

June 28th has been set as National War Savings Day. Your country expects you on that day to pledge every penny you can, up to \$1,000, toward the purchase of War Savings Stamps.

The price of American citizenship is no longer cheap. A new hour has struck. The crash of war has ground all semblance of cheapness out of being an American. We must pay the price now.

On June 28th, Your Country Asks You to Balance Your Patriotic Cash Account

Every penny you withhold, that you are able to lend, extends aid and comfort to the enemy.

No legal summons will compel payment. You are called to payment by the higher, more chivalric summons to volunteer your pledge to purchase this year every dollar's worth of War Savings Stamps you can.

COMING BACK

The Steamer Queen City to Re-enter the Pittsburgh and Cincinnati Trade.

Recently the river business has received considerable attention from shippers and commercial bodies along the waterway relative to an old-fashioned revival of the good old-time steamboat days when large and palatial steamers were frequent visitors at our landing.

Last week the Pittsburgh and Cincinnati trade was re-opened by the Liberty Transportation Company placing the steamers S. L. Elam and Omaha in the run, and a third, the familiar, popular and palatial steamer Queen City, at one time the pride of the upper Ohio, will be added. This packet was recently sold to the Louisville and Cincinnati Packet Company, and that company has decided to place her back in the original trade and Tuesday night she passed up for Pittsburgh. She is the most modern boat on inland waters, has been recently overhauled and has a capacity of 1,000 tons of freight and 140 passengers, is 236 feet long, 44 feet wide, 7 feet deep and has twenty-four inch cylinders, with an eight-foot stroke.

With the return of the Queen City to this trade it will make Pittsburgh rank first as an inland waterway terminal. Including this packet, there will be five steamers leaving that end of the river, the S. L. Elam and the Omaha and the Vernie Swain and Reuben Dunbar of the Ohio and Kanawha Transportation Company.

These packets will liven the old Big Muddy up again to come extent and will help considerably to relieve the railroad congestion that has been on for some time.

It's a mighty poor rule to measure pleasure by the size of the headache next morning.

The "Scraps of Paper" that will Help Win the War

Smother the Kaiser with War Savings Stamps

Sacred treaties are called by the Kaiser mere "scraps of paper." His words are an example of the "Kultur" of the Huns who commit unspeakable crimes against innocent women and children—the "Kultur" that America is fighting to remove forever from the world.

FRIDAY, JUNE 28TH
NATIONAL WAR SAVINGS DAY

On that day every loyal American will be summoned to prove his patriotism by "signing the pledge"—by agreeing to invest in a definite amount of War Savings Stamps each month during 1918.

ANNUAL REPORT OF FIRST DISTRICT PARENT-TEACHER ASSOCIATION

At the first regular meeting of the P.T. A. last fall the following officers were elected for the year 1912-13: President, Mrs. Charles Hancock; Vice President, Mrs. Mary D. Marsh; Secretary-Treasurer and Manager of the Penny Lunch, Emma A. DeBolt; Publicity Committee, Estella M. Nash. Under the leadership of our very capable president, Mrs. Charles Hancock, our association enjoyed a very pleasant and successful year's work. Splendid meetings were held regularly each month, with specially prepared programs for each. The attendance this year greatly surpassed that of all previous years and a marked increase in membership was noted. Unusual interest was manifested by all our members and some splendid

"IN A BAD WAY"

Many a Maysville Reader Will Feel Grateful for This Information.

If your back gives out; Becomes lame, weak or aching; If urinary troubles set in, Perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys. Local evidence proves their merit. Mrs. R. W. Lauderback, W. Second Street, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and continued use entirely cured me of the trouble."

Mrs. Lauderback is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches---if your kidneys bother you, don't simply ask for a kidney remedy---ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mrs. Lauderback---the remedy backed by home testimony. 60c all stores. work was done by the Association.

Despite the war time conditions and the necessary scarcity and high cost of everything we were able to maintain our Penny Lunch throughout the year. This factor of our school curriculum has meant so much to our school, to both pupils and teachers, that it has been realized that the Penny Lunch must be continued and supported at all cost. For the benefit of persons not understanding the purpose of this Lunch, I wish to state, that our real purpose is to provide lunch for those children who otherwise would not have any dinner at all. And it has been found that many children in our district come to school all day without having had anything to eat. Without a well nourished body, a child is not able to do its work in school. It becomes restless and it is impossible for it to concentrate its minds on its studies. Such a marked difference has been noted in these children after continuing the lunch for the past three years, that we feel that it is invaluable to our school. The lunch is given to these children who are unable to pay for it. Though the sum charged is so very small that but eleven were given lunch this year. A very wholesome and nourishing lunch is served the menu being changed from day to day. This year between seventy-five and one hundred children were served each day. The value of the Penny Lunch was realized more than ever, when the Single Session Plan was introduced into our schools in January, allowing but thirty minutes for noon. It provided a hot lunch for all children who were unable to go home for their dinner. It cost approximately \$358 to maintain the lunch this year. This amount was raised partly by entertainments and sales conducted by the members of the P.T. A. In November a Donation Party was given at the School House to which the public responded beautifully and a nice lot of groceries and money was donated which was a great help. One Candy Sale was had early in the fall which also netted a nice sum. Then in February, Messrs. Jones and Buckley of the Liberty Warehouse aided our ladies in securing some tobacco and the sale of which netted us \$81. Two entertainments were given at the School House by the pupils, the proceeds of which were added to the fund.

By the aid of the Board of Education, a bath tub was installed in our building in April. The tub was given to us by the Modern Laundry Co. to whom we are greatly obliged. A "bath shower" for the purpose of securing towels and soap was given May 17 and was a grand success. The bath tub also promises to become a very valuable factor of our school. In March our Association became federated as a Charter Association with the National Organization of Mothers and with the State Organization of the P.T. A. Two delegates were sent to the meeting of the State Organization in Louisville, April 24-27. We feel that much benefit will

be derived from the State and National Organizations.

At the final meeting held in June the following officers were elected for the next year: President, Mrs. Chas. Hancock; Vice President, Mrs. Ennas Myall; Secretary-Treasurer and Manager of Penny Lunch, Emma A. DeBolt.

PERFECT WOMANHOOD

Perfect womanhood depends on perfect health. Beauty and a good disposition both vanish before pain and suffering. A great menace a woman's happiness in life is the suffering that comes from some functional derangement which soon develops headaches, backache, nervousness and "the blues." For such suffering, women find help in that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which for three generations has been restoring health to women of America.

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

KIMBALL OPPOSES JAMES FOR SENATE

W. Pres Kimball, one of the best known Democrats in Kentucky, has entered the contest for the Democratic nomination for United States Senate against Senator Ollie M. James. When the announcement was made yesterday consideration reigned among the "faithful" in this city, who were counting on Big Ollie getting by without opposition. The candidacy of Mr. Kimball, whose popularity over the state is unquestioned, means a fight to the finish.

PLAN TO EXTEND DRAFT AGES WILL BE ARGUED TODAY

Washington, June 25—Extension of the draft ages above and below the existing limits—21 to 31 years—was discussed at length in the senate today, during consideration of an amendment by Senator Fall of New Mexico to the \$12,000,000,000 army appropriation bill to substitute 18 years as the minimum and 45 years as the maximum. During the discussion, the Senator revised the amendment, making the ages 20 to 40 and eliminating a provision that youths under 21 should not be called into active military service. Disposal of the amendment and a substitute by Senator Hitchcock of Nebraska went over until tomorrow with sentiment in the senate apparently evenly divided.

SUIT FILED FOR \$10,000
